

Plainview ISD EIC Meeting

April 15, 2021

I. Welcome

Start 4:16

II. Instructional Calendar – Robin Salazar

Robin discussed calendars. Start with 3 calendars. Drafts with minute, state regulations, and UIL included. District of Innovation allows district to start at different dates. Those go to Dr. Sanchez. Reviewed. Survey was sent out to staff about professional development or work days. Over 60% want ½ work day and ½ PD day. At end of 6 weeks. Draft 1 was the choice that met all criteria. Fall break in October 3 days. 2 bad weather days. 2 early release days. Color coded. Very similar to 2020-2021 calendar. Bad weather day at the end of the year. State assessments can no longer be on a Monday.

When are fall semester tests? Will be discussed with Teaching and Learning team and administration. Schedule to come. Fall break had to be extended into January to meet UIL requirements.

Showed the spreadsheet to show how minutes are calculated. Some extra minutes are included to give a little coverage just in case. 77130 is a common number for most schools in the area. Minutes are determined from smallest amount (elementary) of minutes per day.

April 21-23 is early PK registration. No other registration dates known yet. Also, working on August professional development.

Calendar will be presented at board tonight for approval.

III. Next Meeting: a. May 13, 2021

Longer meeting- discussing federal programs, parent involvement, spending of money

Info for those coming off EIC

IV. Adjourn

4:42
